

INVITATION 2nd CYCLE REGIONAL ARINSA E-PROGRAMME FOR 2021

Introduction

In 2020, UNODC launched an online learning programme on Anti-Money Laundering and Financial Investigations through our project "**Countering Illicit Financial Flows by Strengthening Law Enforcement for Asset Recovery Inter-Agency Network for Southern Africa (ARINSA)**". A regional approach has been taken with various e-learnings and online webinars being held for participants representing different agencies from seventeen different countries that are actively combatting Money Laundering and Terrorist Financing.

Further to the first regional e-programme held between May and October 2020, UNODC and ARINSA are pleased to inform you that we are running a second cycle **from February until March 2021**.

The e-programme consists of four e-courses which will be run in parallel. Participants will be required to complete self-paced modules, online self-tests, attend a live panel discussion and complete course evaluation forms so as to receive a certificate of completion from the UNODC.

Experts will be invited to do the live online interactive sessions where the knowledge and skills obtained from the self-paced modules are further strengthened and enhanced. Participants have an opportunity to clarify and ask questions during the live sessions and through discussion forums. In order to facilitate as many participants as possible, the online sessions are recorded and accessible until the module is closed.

UNODC kindly requests all contact points, heads of departments and colleagues to spread this invitation as widely as possible to all relevant stakeholder institutions involved in asset forfeiture, the investigation and prosecution of money laundering and other financial crimes space and all other institutions that are linked to money laundering and financial crimes to avail themselves to take these courses.
